- Allowed roles: employee, manager, hr, finance, it_admin, admin_ops, executive, ceo
- Allowed groups: all_employees
- Allowed users: none

Summary

Employee-facing IT device policy covering laptop ownership, repairs, replacement, and battery issues.

Device Ownership

- Company devices remain NexusOne property and must be returned during offboarding or replacement.
- Employees must not lend company devices to family, friends, vendors, or unauthorized coworkers.

Repairs And Replacement

- Battery failure, overheating, screen damage, and lost devices require an IT ticket.
- IT prioritizes replacements when the issue blocks customer work or security compliance.

Security Requirements

- Devices must run disk encryption, the approved security agent, and current operating system updates.

- Missing security agent status may block VPN, GitHub, or AWS access.

Data Generation Notice

- This is synthetic NexusOne Technologies data for local RAG, SQL, FAISS, and permission-filter testing.
- Do not replace this file with real company, employee, customer, vendor, financial, HR, security, or acquisition data.
